Vireo User Profile

The following profile can benefit institutions currently using Vireo or considering its use. This information can be used to identify institutions with similar characteristics, to identify best practices in Vireo use, and to raise awareness of potential challenges when considering new initiatives, so please provide as much information as possible. This profile will be kept on the Vireo Users Group site, and we encourage you to update it as often as necessary to maintain accuracy.

Institution

Name:	University of Texas Southwestern Medical Center
Is this Part of a System:	Yes ☒ No ☐ (if so, please note which system below)
Other:	UT System
