

is your data lonely?

Deposit your data in the **Texas Data Repository**, a cloud-based platform for publishing and sharing data created by faculty, staff, and students at Texas higher education institutions.

Benefits of depositing your data in the Texas Data Repository

- ✓ Simple workflow for researchers
- ✓ Discipline-specific metadata
- ✓ Share your datasets with trusted researchers prior to publication
- ✓ Recognized and credited data citations
- ✓ Fulfill your Data Management Plan requirements and your funders' reqs for data access
